29th July 2020

Dear Members and friends of Bective Rangers.

As we are all aware, since March 2020 it has been difficult for all of us, in every part of our lives. Times have been tough for everyone and when the world returns to normal we want to make sure that the Club is in a healthy position to welcome you all back.

Understandably our income has plummeted and in order to help the Club finances an online fundraiser has been set up on "Go Fund Me". For those who wish to be part of our efforts the link is <https://www.gofundme.com/f/bective-rangers-2020>. The money raised will be used to fund the essential costs associated with running a rugby club. Of course, support is appreciated by other methods too and if you would like to be part of this, a cheque or cash donation would be most welcome (with cheques made payable to Bective Rangers FC). We would hope for a donation of €100 - but any amount is most acceptable.

We have an ambitious fundraising target of €25,000 but with the support of those in the Bective Rangers community, both past and present, we are confident in our goal. If you could pass this request on to any Members or friends of Bective who you think would be interested in assisting we would be delighted with their backing.

Looking forward to seeing you all back at the club in the near future,

With very best wishes

Johnny Vaughan
President

Michael Flood
