Dear Member,

RE: INTERNATIONAL TICKETS – AUTUMN 2021

As you may be aware the I.R.F.U. decided, some time ago, to utilise the services of Ticket Master to deal with the distribution and receipt of payment for tickets in respect of the games of Ireland v.

- (a) Japan on Saturday 6 November
- (b) New Zealand on Saturday 13 November
- (c) Argentina on Sunday 21 November.

Such procedure was implemented in view of Covid 19 and its variants and in order to comply with Government provisions/requirements which also, at this stage, necessitates the attendance for each game be limited to 70% of normal capacity – **this may change**.

These complications have resulted in a much lesser supply of tickets and, unfortunately, the Club's allocation for the game v. New Zealand is almost fully allotted with a very nominal number of tickets within Category 3 Stand (€110) and Category 4 Stand (€105) currently available.

There is a limited number of tickets available for the match v. Japan where the price for Category 3 Stand is €65 and Category 4 Stand is €60 – the equivalent costs for the game v Argentina are €70 and €65 -Ticket Master apply a charge of €3.50 per each ticket.

It is our hope, but not necessarily possible, that we will be able to supply tickets (maximum of 2) to Applicants to at least one of the games. Your request can be made, without pre-payment at this stage on, or before, **next Wednesday 27th October**. This should be sent by e-mail to office@bectiverangers.com or by post to:

**Valerie Stein
Office Administrator
Bective Rangers Football Club
Donnybrook
Dublin 4.**

You will be advised of the outcome on receipt of the responses and the procedure which will apply should you be successful with your application.

Regards.

**Jerry Culleton and Sean Parker
Ticket Sub-Committee**

N.B. An application will be automatically rejected if your Membership for 2021/2022 is unpaid

A VALID COVID 19 CERTIFICATE WILL BE REQUIRED FOR ENTRY TO THE STADIUM
